

Want to change the colour of your frames?

Colour your world with coated uPVC

Coloured PVC doors, windows, conservatories, fascias and coloured glass wall cladding are being used more and more in home improvement projects.

We are the appointed Kolorbond® paint applicators in the South West, and offer a service, second to none. High quality product, combined with a fast turnaround time. All colours are guaranteed for adhesion and colour stability, and have an insurance-backed, 10 year guarantee.

KOLORBOND®

- The Original
- Colourfast
- UV resistant
- Abrasion resistant
- Available in any colour
- Available in Gloss, Satin or Matt
- Guaranteed for 10 years
- Proven for more than 10 years
- Only made by Kolor Coatings Ltd.
- Only sold as KOLORBOND®

KOLORBOND® is tested weatherproof for 10 years, making it ideal for the colour-coating of windows, doors and conservatories in PVCu. A further benefit is the fact that it is UV stable and incredibly resistant to fading. Its adhesion is guaranteed for 10 years.

We can also paint your own products, please see terms of trade.

Call us for a no obligation consultation today on coloured PVC doors, conservatories, fascias, glass & windows.
